DESIGNED FOR YOU and your home

Our UK designed and manufactured roller blinds are simple in design, stylish, reliable and easy to operate. The smooth operating system ensures the blind can be rolled up or down easily to achieve the required level of shading for you.

Our roller blind collection is an exciting mix of fabrics specially selected to complement and coordinate with any room in the home.

Whether it's one of our modern designs for your living room, a blackout fabric for the bedroom or a moisture resistant print for the bathroom or kitchen, all our blinds are individually manufactured to your unique specification.

We can even make your blind using energy saving fabrics. Choosing these fabrics with enhanced insulating properties will reduce heat build up in summer and heat loss in winter, reducing heating and cooling costs in your home.

You can also add those finishing touches such as decorative scallops, braids, pulls, poles and eyelets to personalise your choice and co-ordinate with your interior design scheme.

Browse through our brochure to view some of the highlights of our fabric collection, we hope you'll be inspired.

Helping to reduce
hayfever symptoms with

pollerģen™

Louvolite has created a unique fabric treatment which will help relieve hayfever symptoms, it's called Pollergen™.

Pollen, by its very nature is tacky and will stick to any surface it comes into contact with. Pollergen™ enhances this capture rate by the inclusion of a unique tackifier within the formula.

All Pollergen™ treated fabrics can be washed or wiped down as the active formulation continuously migrates to the surface of the fabric for continued protection.

So when selecting your new blinds, make Pollergen™ your fabric choice.

INNOVATIVE SOLUTIONS for modern living

The way we use our homes is changing, we are choosing to open our spaces up, creating larger rooms and bringing the outside in with bi-fold doors. We understand that this can bring challenges when it comes to shading and creating privacy, but we are pleased to offer a number of solutions such as our Free-link system, wide width fabrics, Perfect Fit roller and motorised roller blinds that are perfect for modern living.

OneTouch™
ADVANCED LIGHT CONTROL

MOTORISE YOUR BLINDS with smart technology

Motorisation is a popular choice for bi-folds and can be applied to both free-hang and Perfect Fit® roller blinds. Using your remote control you can operate a number of blinds at the same time, to suit your requirements.

You can also operate your blinds straight from a phone or tablet, or using voice activation with Amazon Alexa or Google Home.

SWEET DREAMS

home is my happy place

We have developed a range of cool and colourful children's prints inspired by popular themes and incorporating on-trend colours. Ideal for nurseries, children's bedrooms and play rooms, they're designed to appeal to your little ones and make you smile too!

Scandinavian motifs and patterns are key with this collection, with 'roarsome' dinosaurs, modern mountain ranges and magical creatures making an appearance, Jurassic and Wonderland have been designed to ignite the imagination of your little adventurers!

Meanwhile, Night Night is our neutral and stylish star design with a little surprise up its sleeve... it glows in the dark! Perfect for helping to make bedtime a little more enticing.

All of our children's designs are of course blackout fabrics and for those who prefer a plain colour at the window, we have an extensive range of colours.

We all know that as children grow their curiosity does too, so all of our window blinds are designed with safety in mind and there are a number of options for you to choose from, including Soft Rise spring blinds, Perfect Fit and One Touch motorised operation.

BRING MAGIC AND adventure into your home

Louvolite is excited to be an official licensee of one of the biggest brands in the world and brings you a range of dream come true designs for your home!

Baby's first room can turn into a race track, a galaxy, or princess's castle. Louvolite with The Walt Disney Company has launched a collection of fabric designs that bring fantasy to the dreamers or action for the adventurers. No matter the age there's a design for every step of their way, even for the big kid in you!

These window blinds, with their fantastic blackout properties, are great in bedrooms, family rooms and playrooms too - bringing a touch of magic to every corner of the home.

For ultimate light control consider Louvolite's blackout framing system which is designed to block out light and help you or your little one get a good nights sleep. Brilliant in summer when it's bedtime!

ROLLER BLINDS look better with Perfect Fit

Louvolute Perfect Fit® is a unique system that can be fitted onto most double glazed windows anywhere in the home.

The Perfect Fit window blind fits neatly into a stylish frame which moves with windows and doors when they are open and closed. Select from a range of frame colours to match your windows or doors and choose from our stunning collection of roller fabrics to create the perfect overall look for your home.

There's no drilling or screwing into your window frames for a quick and clean installation and reduced gaps at the edge of the blinds reduces light strike and increases your privacy.

With new Perfect Fit Konnect, roller blinds using Perfect Fit can now be fitted to wood and aluminium frames using a unique magnetic fitting system.

The Perfect Fit frame fits quickly and easily to your window.

DRESSING UP your windows

To really set your roller blind apart from the rest, you can personalise it with our wide range of accessories to coordinate or contrast with any of our fabric ranges.

Give your blinds a contemporary enhancement with a sleek cassette which is fitted to the top of your blind, discreetly housing the operating mechanism. Choose from a range of colours and finishes you can even insert a matching or contrasting fabric profile too.

We also offer a collection of accessories, including braids, pulls and poles to add that extra finishing touch to a blind.
